

Fall Newsletter Centennial Central - Home of the Cougars

COVID Updates

We are level 4 with our students and staff wearing masks while in the building. During lunch and snack times, students remove their masks. We would like to thank our students for continuing to remain in their designated groups on the yard. When students are socializing and playing with other students in different classrooms, they must leave their masks on outside. If they are playing with only students in their own classroom, they can remove their mask.

New Your child may have noticed that staff are wearing face shields. A new protocol for face shields states that they are required (for educators) when interacting with multiple classes or students from different cohorts for greater than 15 minutes.

We continue to follow our September protocols of handwashing, staggered entry and exit of each classroom, and sanitization of high touch areas throughout the day.

Thank you for completing the daily COVID screening.

Unfortunate Odour

For the last few weeks we have had an odour in our hallways and in our classrooms. Sometimes it smells in the morning and sometimes mid way through the day. It has not been every day but even the days it is present it is very difficult to locate the source of this odour. Fortunately, we have had Facility Services at Centennial Central trying to resolve this issue.

School TV Projects a Variety of Student Pictures!

Thank you to Mrs. Kakooza who has been able to upload pictures of our students from last year and this year. Each month we will add new pictures of the students so they can see these images. All of our bus students exit through the front lobby and before they head home for the day, they often pause to take a look at the variety of photos. Thank you to our educators who continue to take these great student pictures!

Progress Reports go home November 13
